

## "He Makes Me Wanna'..."

### Verse 1

Many people in this world I see them every day.  
I don't really understand why they even pray.  
When they don't believe in, the one that they're talking to. (yeah)  
They think that He, is too good to be true. (no)  
Why don't you tell me Friend, who is the one who's being fooled? Is it you?

### Chorus

He Makes Me Wanna' stand right up and tell the world, "The 'Son of God' is living in me."  
I was never really that bad before, but now He Makes Me Wanna' dance and shout and sing, yeah  
& pray for everyone, and thank Him for every single thing, He's ever done for me.  
He Makes Me Wanna' live, He Makes Me Wanna' love, He Makes Me Wanna' love.

### Verse 2

Lost people in this world so many led astray, Walking around with a hole in their heart.  
Trying to fill it any way that they can, by using the things that others recommend. (oh)  
But all they're really doing is getting themselves deeper in sin. (whoa)  
Maybe they have never heard of the love that they could find in Him.  
So I'm here to tell them,

### Chorus

### Bridge

I don't need no bottles I don't need no stinkin' pills.  
No needle in my arm no girl to make me feel.  
Like I feel when I am "high" on His love.  
This heavenly feeling cannot be caused by any drugs.  
No, just high on His love, cause...
