

"Jesus Still Loves Me"

Verse 1

Tip-toe-ing to bed tonight, because I am so late.
Two hours past my curfew that I shouldn't have, cause I'm twenty-eight.
And I still live at home, But there's nothing wrong,
Says mama and daddy, I'm not on my own.
And I haven't been since I was twenty-three.

Chorus 1

When I went to college to get smart, and someday get a job.
Now my mom calls me a loser and my dad says I'm a slob.
I never make my bed up cause I sleep in it all day.
And even though I have no life,
Jesus Still Loves Me!, Jesus Still Loves Me!

Verse 2

Waking up to the same ole stuff, that I did yesterday.
I'm here alone wondering where I went wrong.
And if things will ever change. So what do I do?
I know that things can't stay the same. So I turn to You.
You've always been and You will remain.

Chorus 2

Since I gave my heart to You to save me. And You washed my sins away.
Now my dying heart has new life, and can live another day.
I fail You all the time, though You know I really try.
And even though I'm far from perfect,
Jesus Still Loves Me!, Jesus Still loves Me!

Bridge

You love me, yes I know You do. You love and I know its true.
You love me, yes I know You do. You love me...

Tip-toe-ing to bed tonight, because I am so late.
Two hours past my curfew that I shouldn't have, cause I'm twenty-nine.
But, **Jesus Still Loves Me!**
