

"Love"

Verse 1

I lie awake here dreaming, that I have somebody.
To hold me and help fill this, emptiness in me.
You seem so far away from me, how can I continue to believe?
That you will ever come to me, I've only caught a glimpse of you, sweet...

Chorus 1

Love, where do you come from?
Why do you always run? Just when I come around.
Love, when will you find me, when will I be complete?
When will you abide in me, *Love*?

Verse 2

It's a bittersweet feeling, this feeling that you're giving me,
Knowing there's so many, who don't have anyone.
They can't feel like I do, cause they don't have anybody like you.
I pray that they all stay true, so that they can have this thing that found me...

Chorus 2

Love, where do you come from?
Why do you feel so good, when I am living in you?
Love, you take my breath away, & leave me feeling free.
When you come so suddenly, *love*.

Verse 3

It's the greatest feeling, it is worth all the waiting.
Years of anticipating the woman of my dreams.
After all that I have been through, I'm still getting used to having you.
I still can't believe that somebody, in this world really cares for me.

Chorus 3

Love, where do you come from?
What did I do to deserve, this feeling I'm feeling?
Love, on the toughest day, you can always ease the pain.
With the joy you bring to me, *love*.

Bridge

In this world we're living in, seems like everybody's giving in.
They think it's love there getting when, they are oh so wrong.
They can't have what we do, cause Jesus they don't know you.
True love can only come from You, and never anybody else.

Chorus

Love, I know where you come from.

God "the one" who is called *Love*, who *loves's* everybody.

Love, the greatest gift to us, from "the Father's" Son.

He is what we call "*Love*."

Yes He is what we call *Love*!
