

"Mr. Wannabe"

Verse 1

Well I wannabe your everything,
Yeah I wannabe everything you'll ever need.
Standing by your side everywhere you go,
That's where I wannabe for sure.

Yeah I wanna hold your pretty little hand.
& I wannabe known as your "boyfriend."
But when you call me up for the 15th time,
I just really wanna sleep tonight.

Chorus

I don't need anything, but I want everything.
I'm Mr. Wannabe, yeah.
I don't wanna work for my dreams, I hope they just happen to me.
I'm Mr. Wannabe, yeah.
I just wanna live my life, do whats right,
and spend my time being Mr. Wannabe.

Verse 2

Well I wannabe a superstar,
& I wanna drive a "million dollar" car.
Have people yell my name everywhere I go.
That's what I wanna do for sure.

Yeah I wanna go strait to the top,
But my life right now is like a parking lot.
& the dream you see is me in victory lane,
But I don't wanna run the race, no.

Chorus
