

"Never Let Me Go"

Verse 1

You've seen me run, from my fears.
You've held me tight, and dried my tears.

Pre Chorus

Away from You, I don't wanna be.
I always want You close to me.
And in my eyes I wanna see.
You loving me.

Chorus

Lord don't You let me go,
You know that I could never make it on my own, I'm not that strong.
I'll never fear as long as You're here by my side, I won't have to hide.
Lord don't You let me go,
You know that I could never live my life without You, My "dream come true."
I'll never fail, I'll always prevail, with You.
Never Let Me Go!

Verse 2

Oh how I try, to do what You say.
But sometimes my mind, leads me astray.

Pre Chorus

Away from You, I don't want to be.
I always want You close to me.
And in my heart I know You see.
Me wanting You.
